Learning

Hedgehogs

In English this week the children have been learning to identify and use verbs; identifying and using compound words; using suffixes to change the meaning of words and joining sentences using the words 'that, if, because and when'.

In maths the children have been learning to sort shapes, numbers and objects using a Venn diagram and a Carroll diagram. They have also learnt to collect information using tally marks and display their data using pictograms and bar graphs. They practised applying their learning to real life problems.

Squirrels

This week in English, the children have using the story of 'The Princess and the  Pea' to describe objects creating riddles and change parts of the story to create their new version.

In maths, the children have been learning to collect information using tally marks and display their data using pictograms and bar graphs. They practised applying their learning to real life problems.

Rabbits

In English the children finished writing their alternative versions of the Little Red Riding Hood story. They read The Princess and the Pea and re-told the story, sequenced the events and used drama to re-enact points in the story.

In maths the children continued to read numbers and write them in words. They developed their knowledge of number facts for the 2, 5 and 10 times tables. They used digit cards to explore place value, making and ordering different numbers.

In topic work the children finished looking at how weather can affect the lives of people in different places and started to create a 3D 'season tree'.

Other information:

All classes have been working hard to complete assessments this week in small groups and this may continue into next week.
