Learning

Hedgehogs

This week in English the children had an alien visitor to their class and they thought of lots of questions they wanted to ask it. They then learnt to write questions correctly using question marks. They also wrote labels for the special clothing used in space and wrote a caption to go with a photograph of a great person. They finished the week writing a timeline or an information page about a great person.

In maths the children have used their knowledge of place value to find missing numbers on a 100 square, put various numbers up to 100 in order, they wrote numbers in numerals and words and use the greater than > and less than < symbols comparing numbers and measurement.

Squirrels

This week in English, the children have been focusing on using their plan to write a story about Bob the Man on the Moon. They focused on adding detail to their stories and making sure they include full stops.

In maths, the children have been focusing on additive reasoning. They have been working on their number bonds to 20 and started focusing on making the inverse number sentences for addition

Rabbits

This week in English we have created a character profile of Bob from 'The Man on the Moon' and described him using a variety of adjectives. We thought of questions to ask Bob and wrote them down using a question mark. We were very excited to receive a letter back from Bob providing answers to all of our questions!

In maths this week, the children worked hard to represent and use number bonds and related subtraction facts within 10. They began to solve simple one-step problems involving addition and subtraction using concrete objects and pictorial representations. They were successful at solving missing number problems such as $3 + ? = 10$

TOPIC learning: The children have been learning about the space shuttle and made their own space shuttles.

Other information

URGENTLY NEEDED: PLEASE could you send in a **small** box for a new design technology project; the box needs to be the size of a 'frubes' or 'cup a soup' box.

Thank you

Dates for KS1

To celebrate the end of our space topic the children can come to school dressed as an alien on **Tuesday 17th October**.

Reading cafes: **Tuesday 17th October at 9am - 10am**.
