Dear Parents,

### **Re: Magnetic Toy Balls**

It has been brought to our attention that some children have been bringing small brightly coloured metallic magnetic balls into school. These are not suitable for school and must not be brought in. If we find any, we will have to confiscate them and ask parents to come into school to retrieve them. This is to ensure everybody's safety, as they could be potentially hazardous.

Thank you for your cooperation.

Yours sincerely,

Kevin Lee  
Head Teacher
