Dear Parent/Carer

Many thanks for taking the time to complete the Home Learning Survey questionnaire. It has been very useful in helping to inform planning around our online provision moving forward. I would also like to share some of the headlines from the results of the questionnaire;

- There were a total of 114 responses which were split more or less evenly across both KS1 and KS2 classes
- 67% of respondents feel that their child is coping well or very well at not being in school
- Just over 70% of parents feel that there is about the right amount of work being set, with a further 19% feeling that there is just a little bit too much
- 65% of parents would rate Seesaw as very good or excellent, with a further 27% rating it 3 out of 5
- 58% of parents feel their child is doing either well or really well with their home learning and a further 32% feeling they are doing okay with their learning

The comments about the Seesaw platform were mainly around some of the technical issues that parents are finding difficult or challenging, and we are looking at this at the moment, in particular splitting the work into more manageable parts and removing older tasks. If you are using a laptop or computer you can log two children on at the same time if you use two different browsers e.g. Chrome and Firefox.

Looking at the response for what else parents would like us to do, there does not seem to be a real desire for live lessons, and indeed these can create their own problems. However there were significant requests for some live/recorded sessions for children and we will try and introduce this over the next week or so. We will also include, where relevant, links to the Oak Academy website, where there are pre-recorded lessons.

We would also like to take this opportunity to express our gratitude to parents for all their thanks and supportive comments, which really are very much appreciated.

Kind regards

J Siddles
